

Looking for fun and rewarding course choices?

*Check out AguaClara:
CEE 2550 & CEE 4540*

The AguaClara project team is recruiting members from all colleges at Cornell. We work on research, education, outreach, and design of sustainable small-scale water treatment facilities for the global south. Relevant backgrounds can include: international development, web design, graphic design, project management, CAD, fluid mechanics, fund raising, and more.

Summer 2008

CEE 3090: Special Topics in CEE

Fall 2008

CEE 2550/CEE 4550/CEE 5051: Sustainable Water Supply Project

CEE 4540: Small-Scale Sustainable Water Supplies
