

Looking for fun and rewarding course choices?

*Check out AguacLara:
CEE 2550, CEE 4540,
CEE 4550 & CEE 5051*

AguacLara is an engineering project team recruiting members from any college at Cornell. Join and you can help with work on sustainable small-scale water treatment facilities for the global south. Relevant skills can include: some background in fluid mechanics, international development, web design, project management, fund raising, and more.

Summer 2008 CEE 3090: Special Topics in CEE

Fall 2008 CEE 2550/CEE 4550/CEE 5051: Sustainable Water Supply Project, CEE 4540: Small-Scale Sustainable Water Supplies
